

Make The Loop Game Cards CVC Words

Make the Loop Game Cards were created to practice and reinforce sight words and can be used when you have just a few minutes to play.

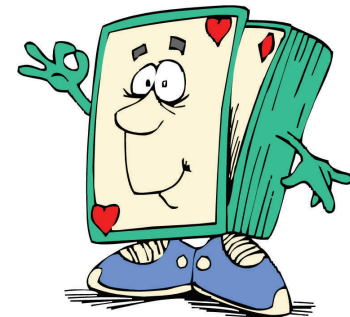

The focus of this particular set is reading.

HOW TO PLAY:

Give each student a card until all cards are given.
Some students can be used and others can join in if necessary in order to disperse all cards.
One student begins by reading the card.
The student who has the answer to the previous card goes next.
Play continues until you get back to the student who began.

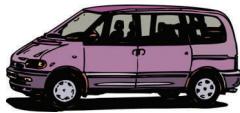

If time permits, you can have the students trade cards and play again.

**Two blank cards have been included and be used as replacement cards if needed.
